

**Vision:** Students will receive an exceptional education that includes a range of language opportunities and develops resilience, empathy, self-efficacy and creative approaches. Our students will leave Highgate School with an understanding of other cultures and the transferable skills to be successful in diverse and challenging contexts.

**The learner:** Students make choices, develop attributes of their learner profile and have opportunities to make a difference via action.

**Teaching and learning:** A transdisciplinary, concept based program of inquiry, approaches to learning and language.

**The learning community:** Collaborative partnerships to support international mindedness, innovative learning environments and the use of technology.

**Mainstream classes and specialist subjects:** The Australian Curriculum

**French bilingual classes:** The Australian and French harmonised curriculum
